BLIZZARD IS HEADED TOWARD OHIO WITH ZERO TEMPERATURES

A Prolonged Period of Cold Weather is in Prospect

Below Zero Temperature Grips Chicago.

Scarcity of Coal is Causing Suffering

Mercury Hovers Around Thirty Below At Butte

(By Associated Press.)

Washington, December 9.—A prolonged period of cold weather over the entire country is indicated, the weather bureau announced today, by the abnormally high pressure over the region west of the Mississippi and low pressure over the Gulf of Mexico, Ohio Valley and off the Pacific coast.

The cold wave in the west is spreading eastward and southward with zero temperatures and cold weather is forecast in the east and south tonight and tomorrow.

CHICAGO IN GRIP OF SEVERE COLD

(By Associated Press.)

Chicago, December 9.—The most severe weather of the winter with below zero temperatures and further depletion of the diminished coal reserve gripped nearly all of the country west of the Mississippi river today with a spread southward and eastward forecast.

Districts where the fuel reserve already virtually was exhausted were chief sufferers today from the low temperatures. At Butte, Montana, with 30 degrees below zero, hundreds were reported in distress, suffering from hunger and cold.

The Railroad Administration made further sweeping cuts in passenger trains, and beginning tomorrow nearly 300 through, local and suburban trains will be discontinued on the New York Central and Pennsylvania lines alone.

URGES MINERS ACCEPT PLANS TO END STRIKE

(By Associated Press.)

Washington, December 9.—Secretary Wilson today sent a telegram to Acting President Lewis of the Mine Workers' union urging the miners to accept President Wilson's proposal for settlement of the coal strike.

The President, he said, "had pointed a way out with honor to the government and honor to yourselves."

Supreme Court Affirms First Conviction.

Poultry Dealer in The Test Case.

Columbus Firms To Face Punishment.

(By Associated Press.)

Columbus, O., December 9.—Whole-sale prosecutions for violations of the Smith cold storage law, a measure instituted by state officials in a drive to lower living costs, were sustained today by the Ohio Supreme Court when it affirmed the conviction of Theodore Leonard, Columbus poultry dealer, and upheld the constitutionality of the Smith law.

That more than a score of cases awaiting this decision would be pushed to a speedy termination was the statement by Attorney General Price following announcement of the decision.

The specific charge upon which Leonard was convicted was that of the sale of poultry, which, it was charged, he had kept in storage longer than the ten months allowed under the Smith law.

RUSS SOVIETS ARE AT BOTTOM OF THE UNREST

Such Is The Declaration Of Investigators

(By Associated Press.)

New York, December 9.—Radical agitation in this country with resultant social unrest is not due to economic conditions, but to an organized artificially stimulated movement under the inspiration of the Russian Soviet government.

This opinion will be submitted to the New York legislature in a report by the joint legislative committee investigating radical activities here since last May, it was learned today.

STARTS A ROW SHOT FIVE TIMES

(Special to The Herald)

Wilmington, O., December 9.—After making threats that if his divorced wife married William Brooks, colored, Horace Watson, colored, upon learning of their marriage yesterday evening went to the Brooks home and was wounded five times by Brooks, who used a pistol when Watson started trouble. Watson will recover.

IRISH CLERGYMEN ARRIVE TO FIGHT SINN FEIN PROPAGANDA

The Unionist council delegates photographed on shipboard on arrival in New York.

A delegation of the Unionist council, composed of prominent Protestant ministers from Ulster county, Ireland, and a member of parliament, has arrived in New York with the avowed intention of

combating Eamonn de Valera's propaganda. They declare that the Emerald Isle does not need home rule nor independence. From left to right in the photograph are, standing: Rev. E. Hazelton, Rev.

Attempted To Rob A Bank At Orwell, Ohio.

(By Associated Press.)

Orwell, Ohio, December 9.—Two bandits were killed, a third was injured and a fourth made a successful escape when the sheriff and five deputies prevented a robbery of the Orwell Banking Company's bank here early today.

The two dead bandits are Steve Andrews and John Zuesgki. The sheriff received word that the men were loitering about the bank and surprised them in the act of entering.

(By Associated Press.)

Belgrade, December 9.—Dispatches from Spalato today report arrival there of an Italian destroyer belonging to the cause of Captain D'Annunzio.

HUN DELEGATES CONSIDER NOTE

(By Associated Press.)

Paris, December 9.—Germany's delegation at Versailles today is considering what is looked upon as the last word of the supreme council relative to the signing of the protocol of the treaty of peace, the supreme council's answer to Germany having been given her representatives last night.

OHIO SOLONS FOR HARDING

(By Associated Press.)

Washington, December 9.—With most of the national leaders of the republican party already here and others arriving, Washington was alive today with gossip over candidates and issues for the campaign of 1920.

Indications today were that the national convention would be held June 8th.

Support of Senator Harding's candidacy for the republican nomination for president was pledged today by republican members of the House from Ohio, who adopted a resolution saying: "His candidacy is certain to place Ohio in the forefront of victorious states eager to return the nation to republican administration."

MAY PASS AUTO GRADUATED TAX BILL WEDNESDAY

(By Associated Press.)

Columbus, O., December 9.—Indications today were that the graduated auto tax bill defeated last week, will be reconsidered and passed.

A vote probably will not be taken today, as former members expect to attend sessions of the Ohio State Grange this afternoon, thus delaying opening of the legislative session until late today. Nothing more than routine business probably will be done until tomorrow.

WANT MORE PAY FOR TEACHERS

(By Associated Press.)

Columbus, O., December 9.—A minimum salary for teachers of \$80 a month instead of \$50 as at present is provided for in a new school bill offered in the legislature today.

SALOONS WILL OBTAIN REFUND DUE TO THE FLU

State Will Lose Large Amount In Fees.

Decision Handed Down in Stark County Case.

(By Associated Press.)

Columbus, O., December 9.—The state must bear a portion of the refund to saloonkeepers for the time saloons were closed because of the influenza epidemic last year, the Supreme Court decided today in denying a writ of mandamus sought by the state treasurer to compel the Stark County treasurer to turn over to the state the full amount of the state's share of liquor license revenues for the last six months the saloons were in business.

The decision means that several hundred thousand dollars which the state anticipated collecting will be retained in the counties to repay refunds to former saloonkeepers.

REPORT MADE TO PRESIDENT

(By Associated Press.)

Washington, December 9.—After conferring with Chairman Cummins and Esch of the Senate and House Inter-State Commerce Committee regarding pending railroad legislation, Director General Hines has drawn a report with recommendations for President Wilson, and at the White House today it was said the President would receive the report late today or tomorrow, but no indication was given of the contents.

Palmer Informs The President That He Expects Miners Will Agree to Terms Of Settlement.

400,000 Strikers Who Paralyzed Industry May Go to Work

Decision to be Reached At Conference Held at Indianapolis

White House Officials Blunder Over Message

(By Associated Press.)

Washington, December 9.—A telegram from Attorney General Palmer at Indianapolis received today at the White House, saying the miners certainly would accept President Wilson's plan for a settlement of the strike, was misinterpreted by officials as saying the miners had accepted plan and led to such an announcement. A correction was made.

EARLY SETTLEMENT

(By Associated Press.)

Indianapolis, December 9.—Settlement within twenty-four hours of the strike of 400,000 bituminous coal miners of the country was confidently predicted here today.

Hearing on the charges of contempt of court filed against 84 general and district officials of the United Mine Workers of America was postponed until next Tuesday morning by United States Judge Anderson, on motion of Assistant Attorney General Ames, when the case was called up here today.

The miners' officials, including Acting President Lewis and Secretary-Treasurer Green, were charged, in information filed by United States district attorneys, with violating the temporary injunction granted by Judge Anderson restraining them from encouraging or furthering the coal miners' strike.

The postponement was taken pending the outcome of the meeting of miners' officials here this afternoon to act on the plan of President Wilson for ending the strike.

The plan was submitted to the miners' officials in Washington Saturday by Attorney General Palmer, but no intimation of the proposals contained in the plan had been made known yet this morning.

United States District Attorney Slack moved the postponement of the impending of the federal grand jury summoned by Judge Anderson to investigate alleged violation of the Lever and anti-trust laws by operators, miners and coal dealers, and the court fixed Wednesday, December 17, as the date.

STRINGENT ORDERS TO SAVE FUEL

More Industrial Plants Close In Ohio.

Thousands Additional Workers Affected

Officials Think End of Strike At Hand

(By Associated Press.)

Columbus, O., December 9.—Under the stringent regulations announced last night by Fuel Administrator Garfield many additional industrial plants were shut down in Ohio today.

Today's reports told of many thousands of additional workers being thrown out of employment by the curtailment of production by hundreds of non-essential industries.

It was predicted by state officials that the end of the coal strike was near through the negotiations at Indianapolis and that Ohio mines would be producing coal within a few days.

Even so the fuel shortage would not be relieved for several days and normal conditions might not return for weeks.

GOVERNMENT IS MARKING TIME IN MEXICAN MESS

President is Still Studying The Situation

Developments Awaited Before Action.

(By Associated Press.)

Washington, December 9.—Further action in the Mexican situation so far as this government was concerned still was held in abeyance today pending developments from various sources and the Mexican reply to the latest American note on the Jenkins case.

The President now is studying the whole situation including the memorandum of Senator Fall which was submitted in substantiation of charges that an organized movement had developed in Mexico with sanction of Carranza to foment a revolution in the United States.

AMERICANISM IS THE KEYNOTE

(By Associated Press.)

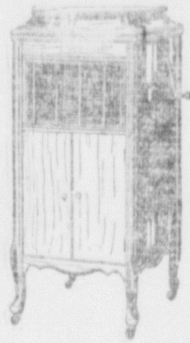

Columbus, O., December 9.—Americanism was the predominant thought in the address of L. J. Tabor, Master of the Ohio Grange at the opening session of the state meeting today.

He declared the cause of the high cost of living was not on the farm and expressed the belief that when capital and labor are willing to join agriculture in readjustment and reductions, lower prices will come.

SEAL DRIVE IS NEARING AN END

Red Cross Christmas Seal workers rounded out into the home stretch of the campaign Tuesday. No definite reports have been received but it is estimated that the sale in this city has reached almost \$500. From all the rural districts and municipalities the assurances come that the seals have been selling readily. In the majority of cases second call has been made for seals.

People are urged to buy the seals until Christmas; stick them on all letters, packages and presents. Stations will be established in the up-town districts where the seals may be purchased until the 25th. The places will be Craig Bros. Department Store, The Frank L. Stutson Department Store, Rodecker's News Stand, and The Haynes Furniture Store.

Red Cross Seal headquarters report that the sale is progressing nicely and the results are very encouraging for bringing the drive to a successful end.

DRAINAGE PAYING 25 PERCENT DIVIDENDS

The drainage is proving to be a profitable investment for Emerson Dayton on his farm southeast of Burton, Geauga county. When he bought his original farm 16 years ago there were but two acres of plow land on the entire land. The remainder was wet, cut over timber land.

Last fall, after he got all his land paid for and had gone over his fields with the county agricultural agent, he invested in nearly two carloads of tile.

Mr. Dayton says that the increased crops for this year alone have paid 25 per cent interest on the investment in tile drainage. For instance, oats on land that had formerly been under water for a considerable part each year yielded 53 bushels per acre. A bumper crop of corn was produced on swales this year which before had sometimes scarcely been worth harvesting.

Mr. Dayton also realizes the value of lime and acid phosphate and is using them, as well as tile, in increasingly large amounts. —O. S. U. Bulletin.

INTEREST GROWING WITH THE BOWLERS

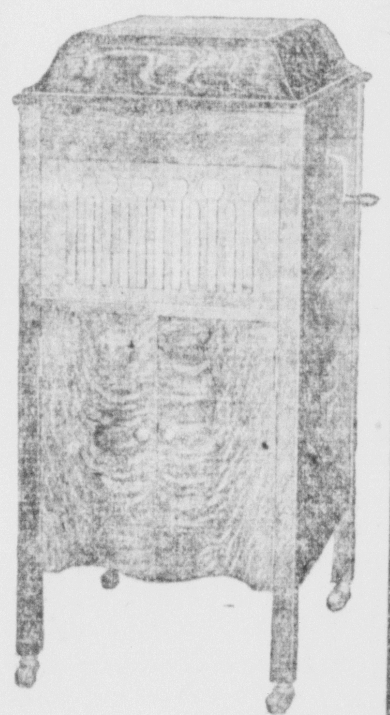

During the past few days since the opening of the bowling alleys at the Y. M. C. A. each afternoon and night a group of men have kept the alleys hot with their practicing. Men who have not bowled for years are rounding into form again and some high scores are expected to result.

Chief Peddicord holds the record thus far with 187. Several others have climbed above the 180 mark.

Wednesday evening the Ortmann Motor Company team will play the Craig Brothers squad. This will be the first regularly scheduled game of the season.

**WARTIME RESTORED**

(By Associated Press)

Washington, December 8.—Viewing with alarm the steadily dwindling bituminous coal supply, due to the miners' strike Fuel Administrator Garfield, by an order tonight, restored for the entire nation most of the drastic restrictions on lighting and heating which were in effect during the coal shortage of 1917.

The limitations, which are applicable to consumers of bituminous coal and coke, were made effective tonight with issuance of the order, and are to be enforced by the Railroad Administration. Consumers of anthracite coal, gas and other fuel are not affected by the order.

All street lighting other than necessary for the safety of the public, must be curtailed, and stores, office buildings and industrial plants, with a few exceptions are put on a reduced rate as to both lighting and heating.

Another of the restrictions provides that all manufacturing plants except those engaged in the making of necessary products, shall reduce their operations not to exceed three days in any one week. Electric railways are required, under the Fuel Administrator's order to reduce schedules to minimum requirements, and no heat shall be provided in electric cars during the rush hours.

The restrictions were announced through the Railroad Administration as follows:

"No ornamental lights, white

way or other unnecessary street light, outline lighting, electric signs, or illuminated bill boards show window or show case lights are to be operated. This does not affect street lighting necessary for the safety of the public.

"No cabaret, dance hall, pool hall or bowling alley shall be permitted to use light except between 7 p. m. and 11 p. m.

"Stores, including retail stores, but excepting stores selling food and warehouses, must not use light (except safety lights) except for six hours per day. Manufacturing plants shall be allowed to use light only during the time prescribed for the use of power. "Drug stores and restaurants may remain open, according to present schedules, but must reduce lighting one half. Railroad stations, hotels, hospitals, telephone, telegraph and newspaper offices are not included insofar as necessary lighting is concerned.

"General and office lights must be cut off not later than 4 p. m. in office buildings, except necessary federal, state and municipal offices, and except where office operation of vital industries is involved.

TO GET INCREASE WHILE AWAITING FOR ADJUSTMENT

(By Associated Press.)

Indianapolis, December 9.—The President's proposal to the striking coal miners as announced this afternoon by Attorney General Palmer here, provides for immediate return to work by the men under the 14 percent advance and appointment of a commission to investigate and adjust wages to conform with the increased cost of living.

Mr. Palmer's announcement was made immediately after the miners went into session to consider the proposal agreed upon at the Washington conference.

Mr. Palmer gave out a memorandum and copies of the President's proposal both of which were agreed to by Acting President Lewis and Secretary Green previously.

Mr. Palmer's statement given out at 2:30 says:

"The President Saturday was about to issue a statement to the country reciting the facts in relation to the strike and making an appeal to the miners to go back to work. Mr. Lewis and Mr. Green called on me that day and I showed them the statement. They finally agreed to its terms as far as they were concerned and called a meeting of their official board at which time they agreed to urge its acceptance."

MAIL CHRISTMAS PARCELS EARLY AND INSURE DELIVERY

The coal strike has caused a reduction of train service on some railroads, and further curtailment will doubtless be made if the strike continues. Even if settled soon it will take some time for conditions to become normal. This condition makes the early mailing of Christmas parcels this year more than usually important.

All parcels destined for points outside Ohio should be mailed during the week beginning December 15th. For points in Ohio early in the week beginning December 22nd, or earlier if possible. Remember you can not mail too soon. Parcels may be marked

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The home of Mr. and Mrs. Walter E. Ellis was pleasantly entertained Sunday, when the birthdays of the daughter of the house, Elizabeth Ellis, and Janet Whelpley were celebrated at an elaborate dinner of the two families. The joint celebration of these two birthdays at one of the homes is an annual event which delightfully records each natal milestone of these two girls, Janet, now eleven years old and Elizabeth ten years.

Roses and carnations, in tasteful arrangement, filled the dining room with fragrance and each young honor guest had a birthday cake, on which burned pink and white candles.

Seated with the girls and Mr. and Mrs. Ellis and son, Forest, were Mrs. Mary Whelpley, Mrs. Dixon, Mr. James Whelpley and daughter, Miss Marion; Mr. D. W. Ellis, Mr. Bert Ellis, Mrs. Elizabeth Meyers, Mr. Ernest Ellis and Mr. and Mrs. Louis Weinman, of San Francisco, Cal.

The fact that the local Red Cross is planning to establish classes in Home Hygiene and nursing throughout the county the first of the year accentuates the interest in intensive efforts to raise the health standard of the United States and the results expected from the recent meeting in Washington of the directors and state supervisors of Red Cross Public Health Nursing from the fourteen territorial divisions of the organization. The conference just ended was attended by the director and state supervisors of the Lake Division Department of Nursing. According to Miss V. Lora Lorimer, director, the department will continue to provide instructors for classes in Home Hygiene and Care of the Sick and Dietetics and will maintain in every way the high standard qualifications set for these instructors. As rapidly as possible the Nursing Department is furnishing Red Cross Public Health nurses for communities which are demanding them. Miss Lorimer states that the department, however, will not turn from its standards to supply poorly trained nurses simply for the sake of answering the calls coming to the department.

Looking toward the future and eager to provide a sufficient number of trained nurses to meet the needs of division communities, the department will continue to bring before young girls and women the desirability of entering accredited nurses' training schools. In this way the Red Cross Nursing Department hopes to have within three or four years, a supply of competent trained nurses to send out through the country as public health nurses. In the meantime, while this training goes on, classes in Home Hygiene will be instructed so that women may be prepared to prevent and care for illness.

Mr. and Mrs. J. D. McCoy entertained with an elaborate dinner Sunday, their guests including Mr. and Mrs. Matthew Fisher, sons Carl and Eugene, Mr. and Mrs. Stanley Fisher daughter Louise of Lees Creek, Mr. and Mrs. E. W. Swift, daughter, Miss Galena, Mr. and Mrs. C. F. Swift, daughter, Nell, and Mr. Rush Engle. Carnations formed an attractive centerpiece.

Mr. and Mrs. C. O. Deere, Mr. and Mrs. J. Bruce Mark, Mr. and Mrs. Walter Sollars went to Columbus Tuesday to attend the State Grange

meeting, at which Mr. and Mrs. Deere will be delegates representing the Ponona Grange of Fayette County.

Mrs. James Morrow, who has been at the Shoop home on Circle Avenue for the past two months, left the first of the week for her home in Waukegan, Ill., her sister, Miss Bess Shoop, closing the home for a temporary stay at the home of her brother, Mr. Wert Shoop and wife.

Mr. Walter D. Craig returned Tuesday morning from a short business trip to Cleveland.

Mrs. J. W. Hughey leaves Wednesday for Los Angeles, Cal., to spend the winter with her son, Mr. Brooks Hughey and wife.

Mr. and Mrs. R. C. Peddicord were visitors in Columbus Tuesday.

Mrs. Jesse Persinger is visiting her parents, Mr. and Mrs. W. E. Morford, in Columbus.

Messrs. Charles Fultz and Chester Steffy were guests of friends in Columbus, Saturday and Sunday.

Mr. Melville Hogler, of Milwaukee, Wis., was the guest over the week end of Mr. and Mrs. M. S. Daugherty.

Mrs. Ola Boyer spent Tuesday in Columbus.

Mr. Fred Yates of Springfield was a business visitor in this city, Monday.

Mr. and Mrs. F. T. Sturtevant, of Cincinnati spent the week end with Mrs. Sturtevant's sister, Mrs. W. H. Timmons and family.

Mrs. Earl McVey and son, Richard who have been visiting Mrs. McVey's parents returned to their home in Hamden, Tuesday.

Mr. Charles Rinehart was a business visitor in Springfield, Tuesday. Mr. and Mrs. Val McCoy spent Saturday and Sunday in Columbus the guests of Dr. and Mrs. Jack Taylor.

Mrs. Dudley Briggs, of Austin, and daughters, Mrs. Emma Metzger and Mrs. Donna Putnam were shopping visitors here Tuesday.

Miss Isabel Evans, who has accepted a position as head bookkeeper with The Schoedinger and Marr Hardware Company, was down from Columbus visiting her mother, Mrs. Frank Evans over Sunday.

Mr. S. E. Shultz was in Springfield Tuesday on business connected with the Federal Land Company.

Mr. and Mrs. Grover Bargar, of Hillsboro, were business visitors here Tuesday.

Mr. and Mrs. David Allen, of West Lancaster spent Tuesday shopping in this city.

Rev. J. L. McWilliams of Wilmington was a business visitor in this city, Tuesday.

APPLICATION FOR TAGS BEING MADE

Application for many license plates for automobiles and trucks are being made each day at the Fayette County Automobile Club headquarters on Main St.

Howard Allen, club secretary, urges that truck owners who expect to get license numbers should apply not later than this week in order that the exact number of licenses may be designated and forwarded to the state headquarters.

The club is not accepting a fee for any tags ordered due to the fact that the prices have not yet been agreed upon by the state legislature.

PENNSY PREPARES TO PULL OFF TWO

So far no trains have been taken off the Pennsylvania railroad line running through this city but it is predicted by the local officials that two passenger trains will be removed shortly. Those under consideration for cancellation are one morning and one evening trains.

A new time table to take effect on December 18th, will very probably make a number of changes in the schedule.

DEMAND IS HEAVY BUT COAL SUPPLY IN VERY LIMITED

Tuesday afternoon the demand for coal was growing and indications were that a very heavy demand was impending. Zero weather predicted at the end of twenty-four hours was partly responsible for the demand.

Coal dealers reported very little or no coal in their bins and conditions were only fair for receiving another supply. Several cars of coal on the sidings in the railroad yards will probably be available in case of necessity.

Tuesday the Washington Gas and Electric Company received six cars of coal, it was announced by one of the distributors.

ASKS DIVORCE

Rose Queen has filed action in Probate court for divorce from Fred Queen. The plaintiff charges the defendant with extreme cruelty and failure to provide. The plaintiff asks restoration to her maiden name and suitable alimony.

Dr Carter's K. & B. Tea Makes Fine Laxative Syrup

Make it At Home and Save
About \$1.50. — Children
Love to Take It

Get from any drug store a package contents in a bowl. Add a level teaspoonful of sugar, mix and pour over this 3 teaspoonful of boiling water. Cover and allow to stand for at least 2 hours. Strain and flavor either with Essence of Peppermint or Wintergreen, according to taste.

Dose for adults, 1 table spoonful each night or night and morning until a regular movement of the bowels is effected. For Children, 1 teaspoonful more or less according to age.

For a real tonic and blood purifier, 1 teaspoonful every night of every other night for at least three weeks.

Cut this recipe out and paste it on the bottle.

Here's a Fine Tonic Laxative Says Druggist

Every other night for three weeks it's your duty to brew a cup of this great vegetable tea—that is, if you want better blood, clear complexion and sparkling eyes.

WILL WITHDRAW TWO TRAINS ON WELLSTON BRANCH

Beginning Wednesday of this week and until further notice there will be one train each way daily over the Dayton-Wellston division of the B. & O. railroad, due to the fuel shortage.

No. 67, going to Dayton at 9:40 a. m. and No. 70, returning from Dayton at 4:55 p. m. are the ones withdrawn, and persons dependent upon these two trains for service must make other arrangements. In connection with withdrawal of ten percent of its trains, the B. & O. says:

"No special trains will be run for business or pleasure travel.

Second sections of regular trains will be avoided, except that in case of coach travel to and from cities of dense population when to avoid unsafe conditions as a result of passenger congestion such additional coach trains may be run as may be necessary to relieve the particular situation. Business will be cared for by adding extra cars, but not beyond the prescribed limit for one engine, and by lengthening the schedules of the existing trains where necessary. When the capacity of regular trains is reached the overflow travel will of necessity wait over or seek carriage elsewhere.

"Exclusive mail and express trains will not be reduced in number but no additional trains or extra sections will be run for such traffic except that during the holiday season, from December 17 to 25, inclusive, it may be necessary to handle mail and express by special trains in order to relieve congestion at terminals.

"It is recognized that the movement of school and college travel at the holiday season will require special treatment and that extra trains will have to be run in some instances to accommodate it, but it is understood that these trains will be loaded

ANOTHER LARGE AUDIENCE HEARS NOTED LECTURER

"Nagging Wives and Over-
bearing Husbands" Sub-
ject of Helpful Address.

"Care of the Girl" Will Be
Theme Wednesday After-
noon.

Dr. Aspinall McCuaig spoke to an-
other large audience at Grace Church
Monday evening when he discussed
the matter of the marriage relation-
ship under the head of "Nagging
Wives and Overbearing Husbands."

In his lecture, during which he held
the undivided attention of his audi-
ence, Dr. McCuaig declared emphatic-
ally that sex affinity is not a true
basis of adjustment in life but rather
a hindrance to happy adjustment.

"The marriage relationship," Dr.
McCuaig asserted, "is essentially a
love relationship and the man and
woman entering into it must enter
with complete abandon of purpose to
make it effective. If there be any
latent thought or reservation of sim-
ply trying it out, marriage is bound to
prove a failure."

Dr. McCuaig's graphic portrayals
of the many things that go to bind
the husband and wife and his in-
stances where, after almost complete
separation husband and wife had been
brought together again were most
emphatic and made a lasting impres-
sion on his auditors.

In the course of this address to wo-
men at Grace Church Monday after-
noon, which dealt with "Instincts and
Passions" Dr. McCuaig declared that
although it is true that the education
of the child commences back with its
great grandfather, it is impossible for
the man of today to retrace the years
and correct the mistakes of his an-
cestors.

"The best we can do under the cir-
cumstances," he said, "is to touch
the life of the child today that the chil-
dren of a third generation may reap
the benefit—fit the boy of today to
be the best great-grandfather the
world has ever known."

"The study of eugenics is the study
of race improvement," asserted the
speaker. "It involves the study of how
to touch the lives of the boys and
girls of this generation that they may
grow up to be better men and women
than their parents have been, they in
turn to bring into the world better
children from the start, and so a pro-
gression of betterment."

Against the hazy conception that
lurks in the mind of the average man
and woman that eugenics has to do
primarily with feeble mindedness and
insanity and loathsome disease,
Dr. McCuaig emphasized the
strong practical issue of dealing
with these conditions by touching the
life of the child in the right manner.

At the close of Dr. McCuaig's talk,
Dr. Jackson, of Chillicothe District
Superintendent of the Methodist
Church, made a short address.

"Courtship and Woman's Love,"
will be the subject of Dr. McCuaig
at Grace Church Tuesday evening at
7:30 when he will deliver the second
of his popular lectures on marriage.
Wednesday afternoon Dr. McCuaig
will speak to women only at Grace
Church on "The Care of the Girl." He
will discuss dancing, theater go-
ing, dress, chance acquaintanceships
and other matters involving problems
in the life of the developing girl.

No Fear of Pain in Stopping Pain with Nitelets

CONSTIPATION AND INDIGESTION YIELD TO THIS MILD LAXATIVE

As children we shuddered at the
thought of taking castor oil. You
cannot forget the gripping action of
cathartics or the bitter taste of salts
and mineral waters. No wonder peo-
ple used to stand the headaches and
stomach pains of constipation and in-
digestion till they were driven to a
doctor.

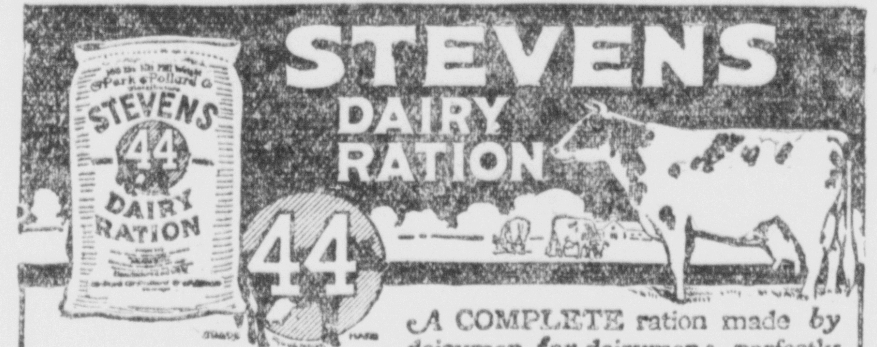

It took the Koman Tablet Company
to realize that, as long as people had
to take a treatment almost as bad as
the ailment itself, many would neg-
lect constipation and indigestion un-
til it had torn down the whole body
system.

Nitelets are mild, soothing and
natural in action. They are scien-

tifically made from vegetable sub-
stances to stimulate and strengthen
without sapping strength from liver,
stomach and bowels. Make Nitelets

QUICKMUSH
It's Great!

Builds Strong Bodies

Here's a food you can serve every day.
The family will never tire of it.

Puts muscle on delicate little bodies—
builds sturdy constitutions. Men who are
"big eaters" say it's the most savory,
tempting, satisfying food they ever tasted.
Invalids and folks on a diet thrive on it.

Quickmush is rich in food values, very
easily digested.

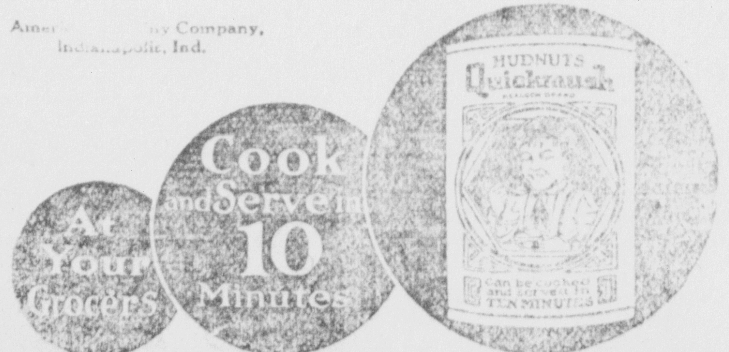

Try these Delicious Dishes for Breakfast,
Lunch or Dinner

For rich creamy cereal, stir one cup of Quick-
mush into two cups of cold water, salted to
taste. Boil ten minutes and serve piping hot
with cream and sugar.

One cupful of Quickmush makes enough
cereal for five people.

For Fried Quickmush, put leftover cereal in
a mold. When cold, slice and fry to a crisp
brown. Serve with butter and syrup.

These are typical of the many economical
"Fruity-Tasty" dishes that can be prepared
with Quickmush.

Thousands Feel Safe With Duffee's

Duffee's Cough Syrup has been on
the market for thirty-five years, and
in that time it has become a house-
hold remedy in many thousands of
homes, where it is always kept to
check the first indications of colds
and coughs.

Used with Duffee's Fifty-Fifty
Tonic Laxative, it will overcome the
severest cold and relieve the most
distressing coughs. Because it is
harmless, no one need hesitate to use
this invaluable family remedy.

Visit your druggist or grocer and
get a bottle of it. Keep it in the house
for emergencies. Don't let colds
weaken your system and prepare the
way for serious diseases.

NO EXCUSE FOR RHEUMATISM!

How You Can Save on Cream

INSTEAD of that expensive little
bottle of cream you buy when
you want "extra good" cereal or
coffee, use Every Day Milk.

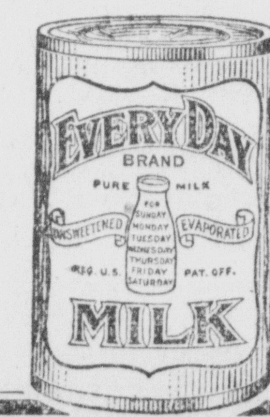

It looks like cream and is very
much like cream.

No wonder! For out of over a
quart of rich milk most of the
water has been taken, leaving all
the rich goodness, all the nourish-
ment, and this is put in a bright,
new tin and sterilized—safe—
clean—pure—delicious.

Now all this double richness
you can buy for about what a
bottle of milk costs—and for
about half what a tiny bottle of
cream costs!

Be independent of the ice man
and the milk man. Every day use
Every Day—the safe and pure milk.

HEAVY EXPENSE IS CONFRONTING LOYAL RUSSIANS

Deficit For Fiscal Year To Be
Fourteen Billion Rubles

(By Associated Press)

Omsk, November 27.—(By Mail)—The All-Russian government faces a certain deficit of 14,000,000,000 rubles for the current year according to an estimate made by Finance Minister De Hoyer. This may easily amount to 17,000,000,000 because of contingencies which it is impossible to foresee. The total revenue for the year is computed at 4,000,000,000 rubles at the outside. Expenditures will total 18,200,000,000.

In a recent analysis of the financial status before the Budget and Finance committee of the government, De Hoyer outlined the budget for 1919. Ordinary revenues, according to calculations made by various departments, should give 4,019,000,000 rubles, he said; but this total is likely to be reduced to not over 3,000,000,000 by the loss of the Perm and Orenburg districts and by restriction of the sale of spirits in the war zone.

Ordinary expenditures he estimated at 8,413,000,000 rubles of which about 3,000,000,000 represents interest on and payment of government debts. Extraordinary expenses connected with the war, pensions, subsidies, etc. for the first six months were 93,000,000 rubles and it was estimated that for the second six months this item might increase to 100,000,000. As a matter of fact, the business of caring for refugees, which was included under this head, has already run the total expenditure up to 400,000,000 rubles for the second half year.

The remedy is three fold, the minister said; cut down expenses; to increase revenues; to regulate currency circulation and if possible obtain loans abroad. It is difficult, he continued, to help matters at the present time by cutting down military expense. This he thought might be done later when it became possible to ascertain the actual number of men fighting at the front.

CLEARING HOUSE IS ESTABLISHED

(By Associated Press)

Rio de Janeiro, November 9.—(By Mail)—President Pessoa has just signed a decree charging Dr. Cardoso de Almeida, president of the Bank of Brazil, to arrange for the establishment of a clearing house for banks in this city. Heretofore only three per cent of the business in Rio has been done by checks, the rest being liquid-

ated by actual currency, according to an official of a prominent American bank which has a branch in this city. In the United States he said, about 93 per cent of business was done by check.

FELT MISERABLE IN THE MORNING

Dayton Real Estate Man Tells How
He Got Rid of "Tired" Feeling

"I told a friend the other day I believed I was feeling so good I could walk to Greenville and believe me I am feeling 'fit' these days," declared W. H. Haines, the well known Real Estate man in Dayton.

"I was in bad shape though until quite recently. Had a case of indigestion and nervousness. Didn't sleep well nights and felt miserable mornings. Tired and dozy. My appetite was nothing to speak of either and I had to try something so I got a bottle of Earle's Hypo-Cod, and the drug store is surely bringing out the right tonic and builder now. I woke this morning and was hungry as a bear. I'm feeling like a different man and that old tired, weary feeling has gone. It has helped me more than any medicine I ever took," continued Mr. Haines (Real Estate Dealer) 334 W. Fourth St, Dayton, O.

Thousands drag around feeling half-sick, unable to do their best work simply because their system has become rundown and they hesitate about choosing a tonic. It is this kind of person who first are attacked by epidemics in Autumn and Winter, where as they should tone and build themselves up—fortify their system and feel like walking to some distant point and doing a good days work like Mr. Haines, above.

Earle's Hypo-Cod which he recommends is not a patent medicine. It is made by the nationally known Earl Chemical Co. of the finest ingredients. See formula on bottle. Price \$1.25 plus war tax.

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all nearby towns.

Henry C. Frick

Henry C. Frick, the great Pittsburgh financier, is dead. The career of Henry C. Frick was one of those spectacularly successful careers which is only possible in America. He accumulated and left, at his death, and enormous estate valued at many millions of dollars.

When we consider Henry C. Frick we are liable to fall into the error of measuring his life success by the volume of his estate now to be distributed according to his will.

Really, Henry C. Frick and other remarkably successful Americans of his type, have left to the world tremendous and well established commercial and industrial activities. They have created and left for posterity great enterprises which continue to give employment to thousands of bread winners and to create products and permit activities and developments which mean a force, practically without end, for the benefit of humanity.

By their mental and physical powers have been created new human organizations and the value of their estates, so called, in dollars and cents, that which we, correctly too, accord to them is nothing to that which they have given to the world in the creations of their genius.

With all his millions Henry C. Frick only got a living out of life—that the humblest citizen gets. Henry C. Frick's great fortune was left to mankind in the great steel mills, coke ovens, railroads, buildings and factories which he owned either in whole or in part.

We too often fail to appraise the estate men like Henry C. Frick leave behind them.

Two "Worthies"

The fact that Emma Goldman and Alexander Berkman, now at Ellis Island awaiting deportation, have appealed for protection to the government and the courts they have been so vehemently denouncing and seeking to overthrow is one of the positive proofs, if any was needed more than statements of their monstrous preachings furnishes, of their moral insincerity and mental derangement.

The disordered brain machinery of creatures like Berkman and Goldman must, certainly, be revolving in loose grooves when, after going up and down this land of ours for weeks and months preaching the beauties of Soviet Russia and the horrors of the United States government, both of these anarchists are urging strenuous objections to leaving the land they are seeking to destroy as unworthy and returning to that dear Russia which they praise so unstintingly, even when all the transportation charges are paid.

While they profess to love Russia so dearly and hold it up as a model and a governmental paradise on earth they are fighting like a pair of wildcats to keep from going back.

Berkman and Goldman know where they are safe and where they prefer to live, and that is right here in this dear old United States, where the individual is safeguarded by a wise government of which every person, so long as he behaves himself, has a part.

Just why this government—its executives or its courts—should hearken to the plea of the alien anarchists even long enough to grant a temporary writ, is not clear to loyal Americans who want to see Berkman and Goldman and all others of like type on their way to the lands whose chaos they praise and profess, falsely, to prefer to America.

Only Too True

Speaking at Manchester, England, on Saturday before the Reform Club, Premier Lloyd George rejected emphatically the suggestion that the time had arrived for a renewal of political party distinctions.

As emphasizing his refusal to countenance such action the great English statesman pointed to the United States as a "horrible example," showing the results of a premature renewal of party strife. As a consequence of that mistake, Premier George stated that "the peace of the world had been jeopardized and the League of Nations endangered in the land which took the most prominent and distinguished part in its promotion."

That's not a pleasant statement for Americans to hear, but how true it is is sadly real to the millions of Americans who are not making a living out of politics, or holding or striving to obtain some political office or position.

We have seen our great and confident hopes fail utterly of realization because one or the other political party urged them and political opponents saw to it that they were made impossible of success.

It does no good to place the blame, for the failure of the officials to live up to our hopes and our promises to the world, with either one of the political parties. Politics has been uppermost with leaders of both parties and the needs of the nation and the needs of the world have been made of secondary consideration to cheap and tawdry political expediency.

Every man in public life who has been a party to the deplorable failures of the past year should be relegated to private life and kept there as unworthy of public trust.

POETRY FOR TODAY

MOTHER

Are you sitting alone
On this your natal night,
All cozy from autumn's moan
In the glow of the fire light?

And is the fire a frame
For many a passing face
Now gone from worldly fame
To a happier biding place?

And as the fire grows dim
Do you feel a sorrow near
It fills your cup to the brim,
Yet, oh! the sorrow is dear.

It left a touch on your face—
A tender shadow there;
As a bit of rare old lace
A gown makes wondrous fair.

May each birthday you live
But add another grace
To heart and soul, and give
Yet greater charm of face.

O fairest, full-blown rose,
With fragrance linger near—
The fondest flower that grows
To bless with joy each year!

"SAVED MY LIFE" SAYS MRS. GROCE.

"I feel I owe my life to Dr. Parker's Treatment for Constipation and Indigestion," says Mrs. J. Groce, 66 years old. "I doctored with several doctors who claimed that the nerve system of my stomach had broken down and for several months I was unable to leave my room. I could eat no solid foods, lived on beef tea and water off burnt bread. The gas on my stomach would cause spells of belching, that would last an hour, and everything soured on my stomach. I was given up to die by my family and friends, when a friend recommended Dr. Parker's Treatment. One box gave me great relief and three boxes cured me. I can now eat solid foods and am now doing my own work. I certainly think Dr. Parker's Treatment a wonderful medicine."

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets). Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism—due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. FOOTBALL IDOL TALKS TO TEAM DURING BANQUET

Pete Stinchcomb, Ohio State's Famous Quarterback, Adds to Enjoyment Of Feast.

Fathers of Three Members Of Washington Hi Team Royally Entertain.

More honors were heaped on Washington High School football men Monday evening when three fathers of boys on the team banqueted the Invincibles and Coach Moorehead at a six o'clock dinner in the dining room of the Y. M. C. A. Messrs. David S. Craig, George H. Hitchcock, and W. B. Rogers, of Wilmington, were the men who took pleasure in extending to the undefeated eleven a double treat.

First on the program came the "eats." Everything that goes to please the palate of young huskies was put before the guests on a table of pleasing decorations. Then came the second treat.

Just before the boys sat down a commotion was heard in the hallway and Pete Stinchcomb, quarterback of the Ohio State University football team, and one of the greatest football men in the country today was ushered in. He was met with an outburst of yells.

Mr. Hitchcock entered into the roll of toastmaster and in a few words spoke of how fortunate they had been in being able to secure a man of Stinchcomb's ability in football as honorary guest and speaker of the evening.

Stinchcomb's talk was intensely interesting. He first spoke of the splendid record made by the Washington team and of the manner in which they had accomplished the feat by clean playing.

In taking up the game as it is played in college the quarter back stated that there is not much difference in High School football and in college football. He declared that in High School football the necessary fundamentals of the game were learned. "These fundamentals must not be forgotten at any time in the game," he said.

In speaking of Ohio State's defeat by Illinois in the last game of the season, Stinchcomb acknowledged that it was the better team that won. "They had learned the fundamentals of the game and they did not forget them", was the reason he gave for their superiority in the contest.

The man who drove the team in the game that attracted nation-wide attention was not sorry for the defeat. "The boys gave all that was in them" he said.

At the close the members of the football squad were introduced separately to the honorary guest. Yells were given for the genial hosts to whom words of appreciation also were extended for the banquet.

80 Years Old — Fit As a Fiddle

"I had a bad case of stomach and bowel trouble that four doctors could not help. Suffered all kinds of pain, was filled with gas and constipated for years. I was advised to use Mayr's Wonderful Remedy. Since taking a course of it four years ago my trouble has disappeared and have felt like a young man. Although 80 years old, I feel fit as a fiddle." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded.

GEORGE GLAZE, Manager.

JUST A MINUTE, PLEASE

I want to tell you that Furniture is the logical Christmas gift this year. Something lasting—a gift more useful—that is the spirit of the 1919 Christmas.

After a tour of inspection and investigation I have no hesitancy in cheerfully recommending Moore's as the best place to purchase it.

Yours for a Merry Christmas,
SANTA CLAUS.

More and more each year is the tendency growing to make gifts of something that is lasting. Extravagant and useless gifts will soon be forgotten. Your gift is your representative, therefore, you should give something that will serve day after day—something that will be a constant reminder of the forethought displayed by you—something that will recall pleasant memories of you in years to come—such is truly the logical one. The gift of Furniture, a Phonograph or some article of house furnishings will do that very thing.

We are here mentioning just a few suggestions, many of which will appeal to you as desirable gifts for your family, relatives and friends. Our store is full of many other suggestions that you would be proud to give—gifts that would fittingly represent you. We invite you to look over our display at your earliest opportunity.

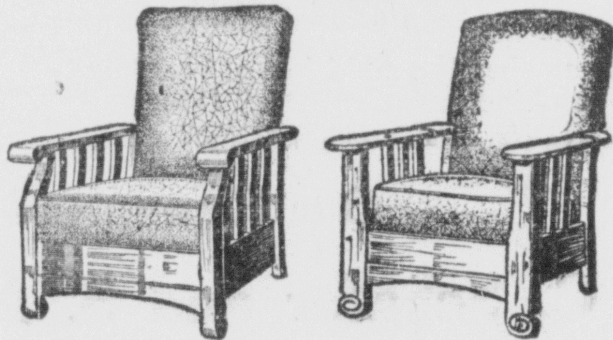

Torrington
ELECTRIC VAC

Do You Love Your Wife?

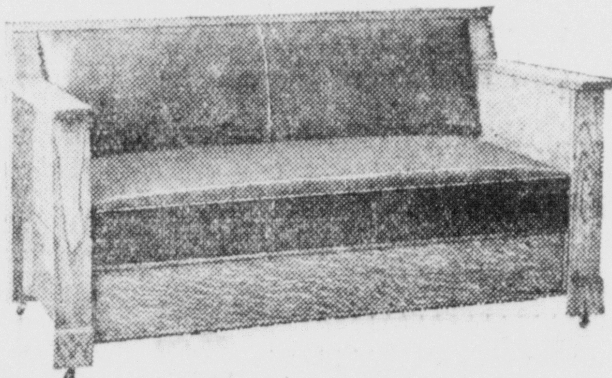

Then save her from the drudgery that comes from the constant use of the old broom. A Torrington Electric Sweeper will keep your house clean at a current cost of less than two cents per week.

Royal Easy Chairs
"PUSH THE BUTTON—BACK RECLINES"
World's Easiest Easy Chair

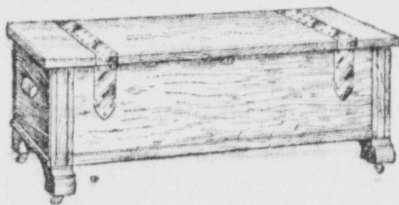

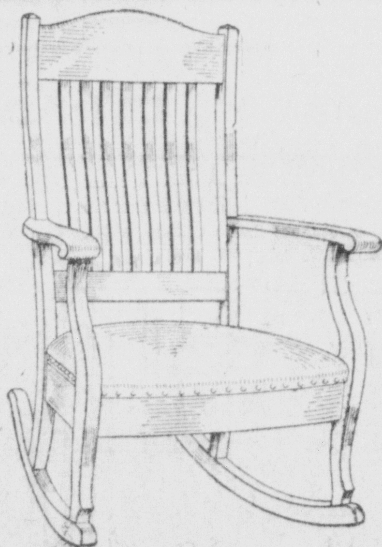

Here's The Gift For Dad.

Coming home at night all tired out he will appreciate the restful relaxation that comes from using a Royal Easy Chair.

For The Unexpected Guest.

The gift of utility is found in a bed davenport—it makes two rooms in one—an attractive lounge by day and a comfortable bed by night.

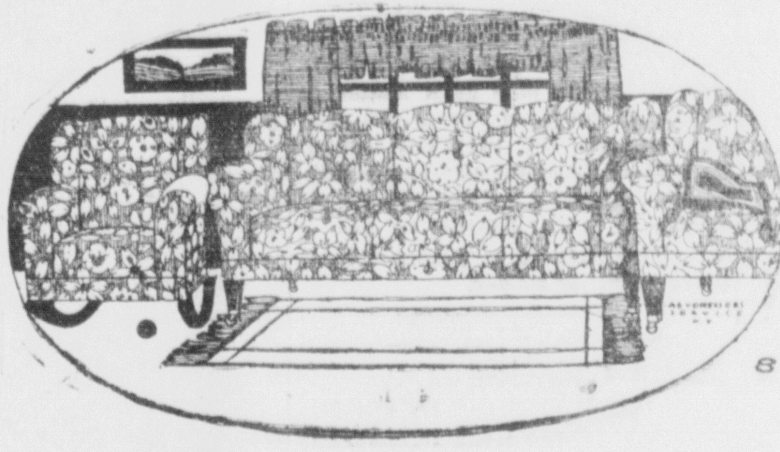

CEDAR CHESTS

Do not intrust your woollens and furs to anything but a moth proof cedar chest. Our chests are made of the genuine Tennessee Red Cedar and are the most reasonably priced in the city.

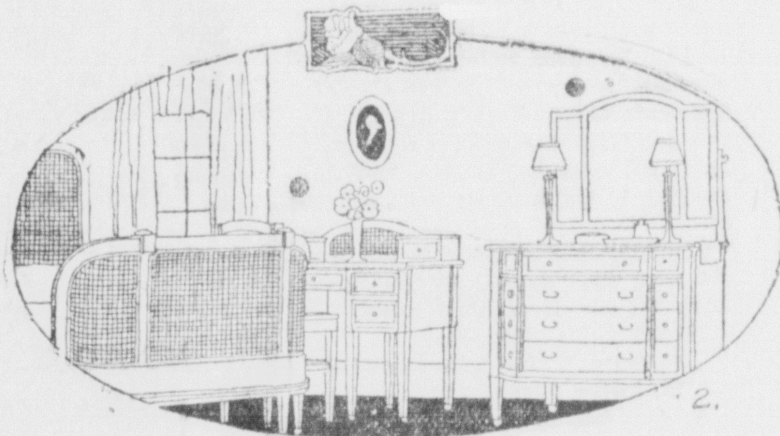

Rockers Are Always Acceptable.

We are showing an unusually large line of Rockers, built for comfort and durability, overstuffed, reed and wood upholstered in leather and tapestry seats. A new rocker will greatly add to the appearance of your home.

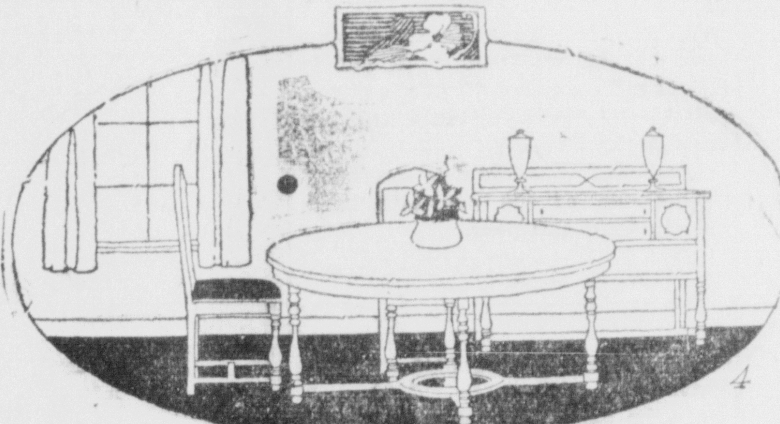

Massive Three Piece Tapestry Suite.

Just think how a gift of this kind would add to the comfort and coziness of your home. These pieces are the kind you sink 'way into—remarkably comfortable, and something the whole family would enjoy.

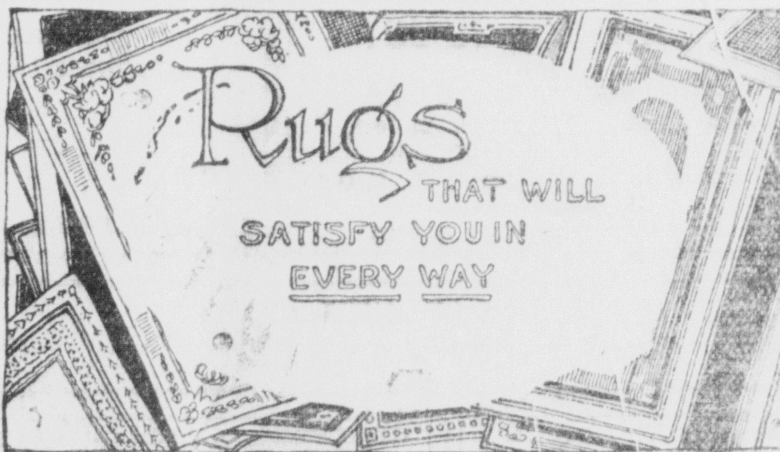

What About the Bedroom?

Most any bedroom would be more charming with one of our beautiful suites. You will find them in Mahogany, Walnut, Oak or Ivory finish.

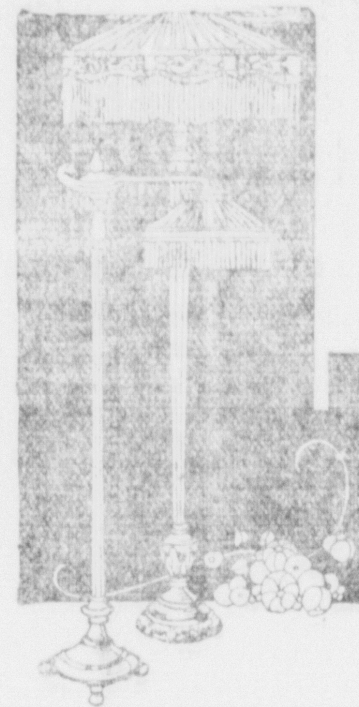

Now For The Christmas Feast.

A new diningroom suite is a gift the whole family would appreciate the year round—and for many years to come.

Rugs Always Make Acceptable Gifts.

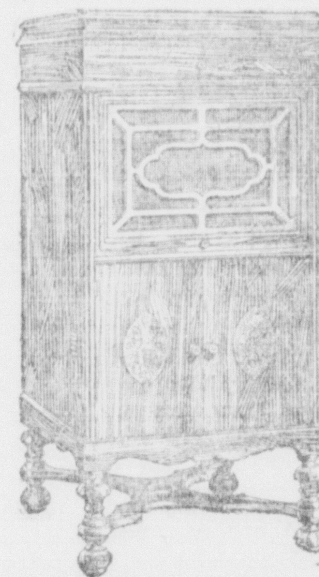

Without doubt there is some room in the house that would look much better with a new rug. All the folks would welcome it, too. Let us show you the exceptional bargains we are offering in our Rug department.

Gas and Electric Lamps.

Never before has there been shown to the buying public such a complete and beautiful display of lamps as we are now exhibiting—lamps of distinctive style of the boudoir, table and floor types.

The CHENEY
PHONOGRAPH
Plays all records—better

The Gift of Gifts.

No home is complete without a Cheney Phonograph—the most wonderful sound-producing instrument ever built. As a violin improves with age, so the Cheney, being of violin wood, also increases in sweetness and value. "The longer you play it, the sweeter it grows."

Every Housewife Needs a Big Kitchen Cabinet.

It will conserve her energy—save her many steps—it's the gift any husband should think of first when considering a gift for his wife.

BUY FUTURES IN AUTOMOBILES

(By Associated Press.)

London, November 22.—(By Mail)—Purchasing an automobile in England these days is largely a matter of "futures," paying for options on machines not yet built. At the automobile show here this year at which there were more people and fewer cars than ever before, \$5000 was paid for the option on a \$15,000 chassis that could not possibly be delivered before next spring. The same amount was collected by a man for his place among the first fifty to whom the manufacturers of an expensive car are to deliver machines certainly not before January 1.

So many have been dealing in future contracts with the intention of selling their priority rights that one large firm has made its contracts non-negotiable.

After the second day of the show the agents for an American manufacturer of a light, cheap, popular car were reputed to have accepted orders for 38,000 with no delivery promises. Although pressed to accept more orders they refused on any condition whatever.

Convenience on the American machines attracted much attention at the show. Some of the improvements that Americans take as a matter of course are rarely seen on British cars. Manufacturers of machines selling from \$2,000 to \$4,000 still prominently advertise that a self-starter is included. It is not unusual to see a driver cranking up a \$15,000 car because it has no starter.

SECRET IS OUT WRESTLER FAMOUS

When Cliff Binkley, heavyweight champion of Ohio learns who his opponent is for the wrestling bout in this city Wednesday night, he will sit up with a start and take notice, because the man he is to meet has been after Binkley for a bout for sometime, it is understood, but has never been able to get a bout in Columbus. However under the guise of the "masked marvel" he has obtained the much sought bout, and when the two huge fellows clash on the mat here Wednesday night, a veritable struggle of the giants can be expected.

The following telegram to the Herald from the "masked marvel" gives away the secret of his identity:

Pittsburg, Pa., Dec. 8th:
 Sporting Editor The Herald—
 Will arrive Wednesday morning without fail. In the best of condition and I am confident of defeating my man.

MORT SANDERSON.
 And Mort Sanderson is one of the really big wrestlers of the east, with a great string of victories to his credit.

So confident is Sanderson of success that he wants to work out in this city Wednesday afternoon at two o'clock, and agrees to throw any two men at that time.

Local fans who know of Sanderson predict one of the greatest bouts held in Ohio this year.

W. H. M. S. MEETING

The regular monthly meeting of the Women's Home Missionary Society of Grace Church will be held on Wednesday, December 10th at 1:30 p. m. in the parlors of the church. The assisting hostesses will be Mesdames Willis, McCoy, Paul, McKee, Mills, Perrill, Melvin, Scoggins and Morgan. 288 12

Druggist's Call Begy's Mustarine Triple Extract of Heat

But It's Non-Blistering Heat And It Won't Hurt The Tenderest Skin

Grandmother's old-fashioned mustard plaster did the work all right, but it blistered the skin and was a night mussy remedy.

Begy's Mustarine is the original mustard prescription that has made grandmother mustard plaster but a relic of bygone days.

It's ten times better, cleaner, and cannot blister. It is made of true honest yellow mustard combined with other well known destroyers of pain and a box does the work of fifty mustard plasters.

Why suffer for days using plasters or continuously rubbing on liniment when one application of Begy's Mustarine will take out soreness in chest or any part of the body and will limber up stiff neck or rusty joints. It

banishes backache, toothache, headache in ten minutes—many times in five.

If you want to get rid of sore throat neuralgia, neuritis, tonsillitis, pleurisy or rheumatic agony, swollen joints—rub on Begy's Mustarine right away—it's the quickest pain killer in the world—and the cheapest. Get Begy's Mustarine in the yellow box at any drug store. One box is equal to 9 messy blistering mustard plasters, and money back if it isn't the quickest painkiller you ever used. 30 and 60 cents. Always in the yellow box.
